Update Meeting Minutes

The committee discussed the funding and allotment and ideas and suggestions for spending. It was agreed upon that for the remainder of the year monies would be used to follow up meeting with our PLC teams to further evaluate data and learning evidence and to plan for improved student engagement and success. The committee also felt that it would be beneficial to ask the teachers for their input and suggestions on what they feel the schools/students' needs are. A google form was created and shared with the staff and will be due by March 8th. As a committee we will review the suggestions and decide our next steps.

Breton Education Centre
